LET'S CONNECT

Hillrom™ Connex® App

SAY HELLO TO YOUR HEALTHIEST SELF

.....

Great news! Your new Hillrom™ airway clearance system comes ready to connect to the Connex® App. It's an exciting new way to get the most out of your therapy, be smart about taking care of yourself, and feel your best every day.

Sound good? Let's get started!

YOUR ONE-STOP DESTINATION FOR FEELING YOUR BEST

.....

You want to live your healthiest life every day. And you know the key to that is doing everything your doctor prescribes. But staying on top of it can be complicated. That's why we made the Hillrom™ Connex® App. It simplifies managing your health, with one place to go to get motivated and keep track of everything, from your airway clearance therapy sessions to medications, nutrition, exercise and more.

BEING CONNECTED IS GOOD FOR YOUR HEALTH

Your airway clearance therapy system from Hillrom is connected to the Connex® App, so you and your care team have a clear picture of what's going on with your day-to-day therapy. That's important for your health, because it helps you stay on track and keeps your care team in the loop, so you can make better treatment decisions together.

LET'S GET STARTED!

Getting connected on your Hillrom Connex App is as easy as 1, 2, 3.

1. Download the Hillrom Connex App on your mobile phone.
2. Open the App and follow directions to connect with your airway clearance device.
3. Problems connecting? No problem! We're here to help anytime:
1-800-426-4224
connexsupport@hillrom.com

Refer to the Connectivity information in your product introduction kit for more details. Instructions to connect to the Smart One® spirometer are within the Connex App.

TRACK LUNG HEALTH AT HOME WITH SMART ONE® SPIROMETER*

With the Smart One spirometer, you can see your lung function results over time along with your airway clearance therapy data. You can also share results and discuss with your doctor.

The Smart One spirometer is available for purchase from Hillrom with no medical prescription required. To order the spirometer for \$99, contact Hillrom Customer Service (1-800-426-4224 or HCCSWeb@hillrom.com).

* Smart One is intended for home use by patients to monitor PEF (Peak Expiratory Flow) and FEV1 (Forced Expiratory Volume in one second). The device is designed for children greater than five years of age, adolescent and adult subjects.

ABOUT HILLROM

Hillrom is a global medical technology leader whose 10,000 employees have a single purpose: enhancing outcomes for patients and their caregivers by advancing connected care. Around the world, our innovations touch over 7 million patients each day. They help enable earlier diagnosis and treatment, optimize surgical efficiency and accelerate patient recovery while simplifying clinical communication and shifting care closer to home. We make these outcomes possible through connected smart beds, patient lifts, patient assessment and monitoring technologies, caregiver collaboration tools, respiratory care devices, advanced operating room equipment and more, delivering actionable, real-time insights at the point of care. **Learn more at [hillrom.com](https://www.hillrom.com).**
